AI Overview +9

On August 5, 2025, a vlogger allegedly spat into the holy water font at the historic St. John the Baptist Parish Church in Jimenez, Misamis Occidental. The act triggered widespread outrage and prompted the Archdiocese of Ozamis to temporarily close the 19th-century church for penance, reparation, and purification rites before it reopened on August 17, 2025. 'VERY ALARMING'
Nababahala raw si Palace Press Officer Usec. Claire Castro sa pahayag ni Davao City 1st District Rep. Paolo Duterte na tila pumapanig umano sa China.
Kasunod ito ng alegasyon ni Duterte na dini-"demonize" ni Defense Sec. Gibo Teodoro ang China dahil sa pahayag nito laban sa mga opisyal ng gobyernong pumapanig sa naturang bansa pagdating sa isyu sa West Philippine Sea.
"Ang pinag-uusapan po natin dito ay ang mga Pilipino — Pilipino na dapat ang puso ay para sa Pilipinas lamang... Lahat tayong mga Pilipino, dapat, ang puso, ang paninindigan, ang ipaglalaban ay ang bansang Pilipinas lamang," saad ni Usec. Castro.
Bakit kailangang gawing demonyo ang China? Hindi lang naman China ang bansang may inaangking bahagi ng West Philippine Sea.
REP. PAOLO DUTERTE
1st District, Davao City
August 2, 2026
Very alarming para sa katulad niyang mambabatas na para bang nagpapakitang ang kanyang loyalty ay hindi solido sa Pilipinas.

Maraming salamat, Atty. Melvin Matibag, sa iyong mensahe: “Congrats, Cong. Lian! I’m so proud of you. I hope I get to live long enough to see you one day leading our country. It’s such an honor to know you. God bless you always!” (August 25, 2025)

Kaibigan ka ng aming pamilya, at isa ka sa mga mentor ko noong papasok pa lang ako sa pulitika. Maraming beses tayong nag-usap at marami kang ibinahagi sa akin. Dahil sa respeto, hindi pa ako nakapag-post tungkol sa iyo kahit madalas kang nasa balita.

Sasabihin ko na lang na, dahil kilala mo ako, alam mong hindi ako sinungaling, at totoo ang sinasabi kong “Gawang Recto” lang ang kwentong ito. Alam kong inutusan ka lang, kaya pinapatawad kita. At kahit mawala na ang mga taong nasa paligid mo ngayon, pagdating ng 2028, pwede pa rin tayong magkwentuhan tulad ng dati.

“She looks forward to finishing the tour and ending it on a high note, both healthily and happily, and then taking a much-deserved break from public-facing work and appearances, which has led to endless, ongoing public scrutiny,” the statement read.

Ariana has also opted out of the West End production of "Sunday in the Park with George," where she was set to star opposite Jonathan Bailey.

The pop star's overall health and well-being have been widely discussed on social media, especially after she released the music video for her song, "Petal," in late July, which raised concerns about her physical appearance.

In the comments section of the "Petal" music video teaser on her Instagram, some fans expressed concern over her health and wished her healing.

“I truly hope she finds the peace she is looking for and to cope in healthier ways,” an Instagram user named @bloodlustelf commented. “I love her music but it hurts to see her like this.”

Ariana released her eighth studio album, "Petal," on July 31, which includes the single "Hate That I Made You Love Me."

Before the release of "Petal," she took a break from music to play Glinda in the musical films "Wicked" and "Wicked: For Good," but she reassured fans that she was not abandoning music.

‘ANG TAWAG KO DUN COPY-PASTE’

Atty. Michael Poa of the defense team objects to Atty. Lorna Kapunan’s “copy-paste” remarks during the twelfth day of the impeachment trial of Vice President Sara Duterte.

“Proforma po. Naka-annex ‘yung format dun sa Joint Circular 2015-01,” state auditor Roderick Wamil said.

“Ang tawag ko dun copy-paste. Na copy paste,” Kapunan remarked.

“Your honor, again with all due respect to the opposing counsel, I would like to object to that characterization,” Poa said.

“I withdraw, your honor, I just couldn’t resist myself,” the private prosecutor replied.

BREAKING 🚨 ICE agents used a FAKE missing-child poster for a 5-year-old girl to trick their way into a locked Columbia dorm — then went straight to a student's room and took her without a warrant.

Shortly after 6 a.m., five of Trump's DHS agents arrived at the off-campus Columbia building saying they were police trying to find a missing child.

Staff believed they were opening the door to help save a 5-year-old girl.

Instead, they had opened it for ICE.

Once inside, the agents did not search the building.

They walked straight to Ellie's apartment.

Columbia says security cameras captured them in the hallway showing pictures of the alleged missing child. At Ellie's door, they repeated the same story.

A Columbia public safety officer arrived and repeatedly asked them for a warrant. They did not produce one. He asked them to wait while he called his boss.

Aug 04, 2026 11:36:41

They refused.

Then they took Ellie.

The 29-year-old Columbia senior studying neuroscience and political science managed to post from custody: "Dhs illegally arrested me. Please help."

Hours later, Ellie was released after New York City Mayor Zohran Mamdani raised her detention directly with Trump. She posted from an Uber on her way home that she was safe but "in complete shock."

Her release is a victory. It also exposes something terrifying.

Ellie had a university scrambling to help her, a governor demanding action, and the mayor of New York speaking directly to the president that morning.

Most people ICE takes do not.

DHS denies that its officers impersonated NYPD. It says Homeland Security Investigations officers identified themselves, wore visible

Most people ICE takes do not.

DHS denies that its officers impersonated NYPD. It says Homeland Security Investigations officers identified themselves, wore visible badges, and were allowed inside by the building manager and Ellie's roommate.

But Columbia's acting president says they gained entry by claiming to be police searching for a missing child, showed pictures in the hallway, and never produced a warrant when repeatedly asked.

This is not "law and order."

It is federal power using the terror of a missing child to reach a student's front door.

If ICE can tell staff that a 5-year-old is missing, enter a locked Columbia residence, and walk directly to the student it came to take, every dorm, apartment building, and home should be asking the same question:

Who opens the door the next time they say a child is in danger?

If you appreciate my posts, it would mean the world if you followed my page. Thank you for being here.

Remember everything. Forgive nothing.

Paul Greengrass' THE BOURNE ULTIMATUM (2007) is loosely based on Robert Ludlum's novel of the same name and stars Matt Damon, Julia Stiles, David Strathairn, Paddy Considine, Joan Allen, Édgar Ramírez and Scott Glenn. At the 80th Oscars, the film received nominations for Film Editing, Sound Editing and Sound Mixing, winning in all three categories.

Strengthening Peace, Order, and Good Governance

Today, I presided over the Municipal Anti-Drug Abuse Council (MADAC) and Municipal Peace and Order Council (MPOC) Meeting, where we assessed the peace and order situation of our municipality and discussed strategies to further enhance the safety and security of every San Enriquenhon.

Through the updates presented by our law enforcement partners and the active participation of council members, we continue to strengthen our collaboration in addressing public safety concerns, preventing illegal drugs, and ensuring a peaceful and orderly community.

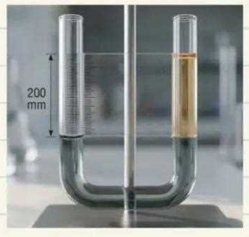
A U-tube manometer contains mercury and water. The difference in mercury level is 200 mm. What is pressure difference in kPa



SOLUTION:

sp. gr. of mercury = 13.6
h = 200 mm (13.6)
h = 2720 mm
h = 2.72 m

P = γh
P = (9.81 kN/m³)(2.72 m)
P = 26.68 kPa

The internet is confused by an ancient painting found in a cave in Brazil

This image is part of pinturas rupestres, ancient rock art found across different regions in Brazil, one of the most famous being in Parque Nacional Serra da Capivara in Piauí, a prehistoric site with the densest concentration of ancient paintings in the Americas, some dating back over ten thousand years.

The red pigment used comes from hematite, a natural iron mineral mixed with binders like plant resin or animal fat so it could stick to the rock for thousands of years. The human figure with raised arms and an elongated body is a classic motif that shows up a lot, usually depicting hunting scenes, dances, or group social rituals.

The simple form, just lines and silhouettes, is actually a signature trait of rock art style, pure communication through gesture without any facial details or expressions. Archaeologists believe paintings like this weren't just decoration, they worked more like a living record, a way for ancestors to pass down their daily life and beliefs to the next generation.

SUWERTE ANG GREEN KAY ALEX EALA? 💚🎾

Nasungkit ni Pinay tennis star Alex Eala ang kauna-unahan niyang WTA title matapos magwagi sa finals ng torneo.

Pinatumba ni Eala sa 2026 Mubadala DC Open finals si World No. 3 Jessica Pegula sa tatlong set, 4-6, 6-4, 6-0.

Naniniwala naman ang ilang tagasuporta ng pamilya Duterte na mga DDS na suwerte kay Eala ang kulay green.

Kayo ka-Abante, ano ang sey niyo rito? Naniniwala rin ba kayo na suwerte ang berde kay Eala?

Why do priests kiss the Altar at Mass?
Kissing the Altar is among the oldest liturgical customs, dating back to the 4th century—is an act of reverence to honor the Altar of Sacrifice where the Miracle of the Eucharist happens.

LINGGO NG KABATAAN KICK-OFF IN LAMBUNAO

From inspiring young athletes in Janiuay, I headed straight to the Lambunao Public Plaza to deliver another Inspirational Message during the Kick-off Celebration of Linggo ng Kabataan 2026.

Joining me were Board Members Jason Gonzales and Mark Palabrica, Vice Mayor Arvin Losaria, SB Members Mae Claire Letrero, Monie Navarra, and Atty. Carl Clint Lingaya, together with SK Municipal Federation President Marian Sarrah Mae Semolava, youth leaders, and participants from across Lambunao as the municipality officially kicked off its Linggo ng Kabataan 2026 celebration.

Congratulations to SK Pres. Mimi, the SK officials, and everyone behind this successful celebration. Thank you for creating meaningful opportunities for Lambunao's youth to lead, serve, and shine.

One of the highlights of the event was visiting the Youth Livelihood Expo, where young entrepreneurs proudly showcased their products, services, and innovative ideas. I left not only full from the delicious food they prepared, but even more fulfilled after hearing their stories. Their creativity, resourcefulness, confidence, and determination reflect the kind of empowered youth that Lambunao continues to nurture.

It was also a great day to spend with Third District Board Members Jason Gonzales and Mark Palabrica. Back in 2016, the three of us were first-term municipal mayors of our respective hometowns: Anilao, Lambunao, and Bingawan. While we may no longer be as young as we were then, our passion for public service and creating opportunities for others has never wavered. Now, as members of the 15th Sangguniang Panlalawigan ng Iloilo, we remain steadfast in raising the voices of our youth, championing their aspirations, and supporting initiatives that empower them to lead.

‘PARANG SCAM ‘YUN AH’

Ito raw ang personal na opinyon ni Counsel for the Prosecution Atty. Lorna Kapunan kaugnay sa mga pangalang binanggit ng testigo at dating COA-ICFAO state auditor na si Roderick Wamil.

Kabilang sa mga pangalang pumirma umano sa confidential funds ng Office of the Vice President (OVP) sina Mary Grace Piattos, Andy Lim, at Mico Harina.

“Hindi tayo natutuwa kasi parang scam ‘yun ha, magbibigay ng mga pangalang hindi naman pala totoo,” saad ni Kapunan. | via MOJO Danielle Dayao

Ukraine has launched one of its largest overnight drone attacks on Russia, targeting 19 regions. Russia's Defence Ministry says its air defences intercepted more than 300 Ukrainian drones. According to the regional governor, at least five people were killed and six others injured after a warehouse in an industrial zone outside Moscow was struck. An electrical substation, a building and a vehicle were also damaged. The latest attacks come as Ukraine continues to increase its long-range drone campaign against targets inside Russia.

SAN ENRIQUE BAGS TOP AWARDS; BIG PROJECTS IN THE PIPELINE

Under the leadership of Mayor Niño P. Fernandez, the Municipality of San Enrique has earned major recognitions:

🏆 2026 HEAL Awards – Finalist for Local Health System and Health Service Delivery
🏆 2nd Place – PhilPEN Implementation
🏆 Hall of Famer – Field Health Services Information System (FHSIS) Implementation
🏆 Hall of Famer – National Immunization Program Implementation

Mayor Fernandez attributed these achievements to the San Enrique Primary Care Facility health staff led by Dr. Cecile L. Apalacio, the collective effort of department heads, partners, barangay health workers, the entire LGU workforce, and the community.

For infrastructure, the town has acquired a brand-new road roller to support road concreting and improvement projects and repairs across barangays, giving residents safer, more durable roads for daily travel and trade.

The groundbreaking for the Kalamay Arena will proceed right after bidding ends this year. The ongoing renovation of the municipal hall, including a ₱3-million upgrade for the second floor, is also targeted for completion within 2026.

Iran's president says Tehran does not seek to expand war

Iranian President Masoud Pezeshkian says his country will defend its borders but does not seek to expand the war, according to the IRIB state broadcaster.

Speaking at the launch of Phase Two of the Family Medicine and Referral System National Plan, Pezeshkian also said the nation must focus on internal strength and unity.

"In these circumstances, we must strive to build a society where the enemy cannot harbour greed, cannot infiltrate and cannot tear apart and destroy this social community," he was quoted as saying.

DEPED CONFI FUNDS, GINAMIT PARA LABANAN ANG UMANO'Y RECRUITMENT NG NPA

Isa sa mga pinaglaanan ng confidential funds ng Department of Education sa ilalim ng pamumuno ni noo'y Education Secretary at ngayo'y Vice President Sara Duterte ang counter-insurgency programs na may layong pigilan ang umano'y recruitment ng New People's Army (NPA) at iba pang komunistang grupo sa mga guro at estudyante, base sa dokumentong ipinresenta sa impeachment trial.

Ayon kay dating COA state auditor Roderick Wamil, walang isinumiteng listahan ang DepEd ng mga umano'y NPA, komunista o leftist groups na target ng naturang programa.

Binusisi ng prosekusyon ang dokumento dahil hindi umano nito tinukoy ang mga partikular na aktibidad na isasagawa sa ilalim ng naturang programa. #VPonTrial

BAD NEWS?

Nagbabala si Atty. Jimmy Bondoc tungkol sa paparating umanong masamang balita.

Hindi binanggit ng abogado kung tungkol saan ang kaniyang social media post. Pero umuugong ngayon ang ulat na inaresto na ang kaniyang kapartido na si Sen. Bato dela Rosa.

Sa ngayon, wala pang impormasyon ang Philippine National Police (PNP) at Department of Justice (DOJ) para kumpirmahin ang ulat na ito.

BREAKING NEWS: Umuugong na ang balita ngayong Martes, Agosto 4 na naaresto na si Sen. Ronald ‘Bato’ dela Rosa ng mga awtoridad halos tatlong buwan matapos siyang umeskapo sa Senado noong May 14 ng madaling araw.

Si Sen. Bato ay inisyuhan ng arrest warrant ng International Criminal Court (ICC) matapos siyang kasuhan bilang isa sa mga “co-perpetrators” sa crimes against humanity dahil sa kanyang naging papel sa extrajudicial killings na naganap noong termino ni former President Rodrigo Roa Duterte.

Subalit wala pang opisyal ng pamahalaan, kabilang si Department of Justice (DOJ) spokesperson Atty. Polo Martinez, ang nakapagbigay na ng kumpirmasyon tungkol sa kumakalat na balita sa pagkakaaresto kay Sen. Bato.
